Section 1. The annual meeting of the stockholders of this company shall be held at the office of the corporation in the City of Brooklyn, on the first Monday of August in each and every year, at 12 o'clock noon, for the election of directors and such other business as may properly come before said meeting. Notice of the time, place and object of such meeting shall be given by publication thereof at least once in each week, for two successive weeks immediately preceding such meeting, and by mailing, at least ten days previous to such meeting, postage prepaid, a copy of the notice addressed to each stockholder at his post office address, as the same shall appear on the books of the corporation.

ARTICLE III.

Section 1. The board of directors immediately after the annual meeting shall choose one of their number by a majority vote, to be president and they shall also appoint a secretary and treasurer. Each of such officers shall serve for the term of one year, or until the next annual election.

Dated Brooklyn, August 5, 1895.
au14 2wW CORNELIUS D. ROBIN, Secretary.

NEW YORK DRY DOCK AND REPAIR COMPANY—At a meeting of the above company the following by-laws were adopted:

MEDICAL STAFF EXONERATED.

CHAPLAIN WOODS'S SWEEPING DENIAL OF DISMISSED EMPLOYES' CHARGES.

Commissioner Henry of the department of charities and correction made public yesterday the following letter, received at the office through the mail. The writer, the Rev. Father Woods, is pastor of the Holy Cross Catholic church in Flatbush, and is the Catholic chaplain of the county hospital and insane asylum:

Holy Cross Church, Flatbush, N. Y.
Flatbush station, August 19, 1895.

To the Hon. Board of Commissioners of Charities and Corrections:

Dear sirs—I feel that I owe it to myself and by every law, human and divine, to correct any false impressions that the public may have received from the testimony of witnesses before the assembly investigating committee.

Being Catholic chaplain of that institution I feel that I am in a position to know more about it than any other person, with the exception of the medical staff. I visit the institution more or less sometimes three or four times a week, again twenty-four hours.

We are there in the morning from 8 to 12:30 and very frequently also called in the afternoon and at all hours during the night. Let me assure your honorable board that these visitations are not superficial. Each of the thirty-one wards is visited daily and very often advice and consolation is given to each of the patients by the attending physicians. In all my visitations, whether in night or day, we have found the medical staff at their post of duty and ever anxious for the comfort of the patients. As with the medical staff so with the nurses. We had them under our attention, and if in certain cases they were otherwise be it said the credit of the medical superintendent they were dismissed and by making these discharges the worthy and learned superintendent has evoked threats that have been partially fulfilled to force the investigating committee.

You have now the key of certain calumnious statements and I trust that your honorable body will accept the statement of my solemn declaration in the same spirit as it is written, and that it will not be unduly influenced by the malicious misrepresentations concerning the medical staff, the nurses, the medical staff and attendants of the county hospital.

JOHN F. WOODS, Catholic chaplain of Long Island Hospital.

HOW TO MEET GREAT EMERGENCIES.

Long Beach, N. Y., August 21. The lecture in the summer parliament course, by Dr. Martha C. Holmes yesterday afternoon, had a melancholy interest, coming as it did so soon after a most distressing drowning accident that occurred on Saturday. The subject of the lecture was "Emergencies, and How to Meet Them." Dr. Holmes exhibited and described the various forms of bandages needed for household surgery and described their use on a living model. She said it is the unexpected that always happened and every family should be prepared for any emergency. She said: "One of the most common troubles resulting from accidents is shock, denoted by paleness, etc. The patient should be at once placed in a horizontal position, warm blankets and warm bottles should be used either with ammonia or alcoholic stimulants. After treating the patient for shock the cause of the accident may be referended to. A patient with a pale face should always be placed in a horizontal position, one with a red face should be raised and held up. When the face is flushed never give stimulants, and do not answer too much. Here are some rules for emergencies where patient is unconscious:

Loosen the clothing and keep crowd away.

Look for a pulse. If no pulse is felt there is danger.

Examine pupils of eyes to see if contracted to a pinhole point. If so, there may be narcotic poisoning.

In epilepsy very little can be done. Some times it is necessary to place a cork in the mouth to keep them from biting the tongue. A key should be kept from burning stimulants.

In intoxication, cold water and water or vinegar and water.

In burns, cold water. The patient sleeps.

In unconsciousness from sunstroke it is advisable to send for a physician at once. It is better to do too little than
