Clerk of the Surrogate's Court.

Without Painful Backache
Many sufferers relieve nagging backache
quickly, once they discover that the real
cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the
blood. They help most people pass about 3
pints a day.

When disorder of kidney function permits
poisoneus matter to remain in your blood, it
may cause nagging backache, rheumatic pains,
leg pains, loss of pep and energy, getting up
nights, swelling, puffiness under the eyes,
headsches and dissiness. Frequent or scanty
passages with smarting and burning sometimes shows there is something wrong with
your kidneys or bladder.

Don't wait! Ask your druggist for Doan's
Pills, used successfully by millions for over
40 years. They give happy relief and will help
the 15 miles of kidney tubes flush out poisoncus waste from your blood. Get Doan's Pills.
